

### **REMARKS**

This paper submitted in a response to the Notice of Allowance of May 11, 2011. The Notice of Allowance included an Examiner's Amendment which amended various claims. However, the Examiner's Amendment introduced various errors into the claim language, including typographical errors, language substitutions, and word omissions. A copy of the Amendment filed on June 3, 2010, which shows the claims as pending before the Examiner's Amendment, is attached. The instant amendment corrects the errors introduced in the Examiner's Amendment.

In addition, the instant Amendment includes minor amendments for clarity and grammar. For example, claims 13 and 16 are amended herein to recite "fewer functions" rather than "less functions." Additionally, minor amendments have been made to the claims to add or delete commas, as appropriate.

No claims are canceled or added. No new matter is added.

It is respectfully submitted that the amendments can be entered, since such amendments are being made to correct punctuation, clarify language, correct unintended word omissions and substitutions, and/or are typographical/grammatical in nature. The amendments do not introduce new matter.

Entry of the foregoing amendments is respectfully requested. Please charge any shortages and credit any overages to Deposit Account No. 500393.

Respectfully submitted,

Date: July 27, 2011
